Plastic Spill Platform / Galvanised Grating 60L

F07D01

Product short description:

The ideal solution to recover leaks during decanting and to optimise space thanks to 2 different container sizes. UV treated plastic spill platform, easy to clean. Low height allows easy access by hand truck. Units can be assembled with a stainless steel cover strip (optional) to obtain a larger working area. Possibility to connect an access ramp (option) to the platform. Gentle slope for easy loading. Non-slip texture on the ramp and grating. Ideal for the use of steel or plastic drums.
