

# Absorbent Roll (108L) All Liquids in Cardboard Reel

S01R11

## Product short description:

Water-absorbing rolls in dispenser boxes are ideally suited to the industrial environment. They absorb all liquids (hydrocarbons, water, non-aggressive chemical products etc). 1 product for 4 applications. Absorbent roll with length and width pre-cutting system allowing the necessary quantity to be used and adjusted to the required size. Along or under a machine, the roll becomes a carpet you can walk on. Tear the sheet using the pre-cuts every 23 cm. The pre-cuts on the roll allow it to be f...
